

Innovation

What is iD8?

- A methodology to rapidly generate innovative ideas with action plans
- The emphasis is on using multiple creative thinking techniques to generate ideas that are transformed into innovative action plans
- It is an on-going repeatable activity to continuously implement ideas (not just a one off!)
- A facilitated workshop that eliminates bureaucracy
- Drives innovation at an employee level
- Empowers employees at all levels to implement solutions

Limited scope, high energy, quick hit ideas that generate results - FAST
